

Solar power for disability differently abled resource center - Margadarshi

- Margadarshi is a non-profit organization established in 1988 by a group of differently abled individuals from different walks of life.
- The organisation works towards supporting physically challenged people to ensure they progress towards their physical, social, psychological and economic well-being.
- The organisations resource center in Ulsoor, Bnagalore is specailly designed to meet the needs of differently abled individuals.

Need: The Margadarshi Trust wanted to use renewable energy sources to meet their energy needs in order to enable them towards becoming more sustainable and overcome high costs of electricity bills.

Solution:

Impact:

- 8897 units/year of solar power.
- 30+ physically disabled people benefitted.
- Rs 9000/ month reduction in electricity bill.
- Uninterrupted power supply.
